MAXIMUM METAL PROTECTION

PROVIDES 15 YEARS OF CORROSION PROTECTION, EVEN IN SEVERE CONDITIONS

- Best corrosion protection
- NOXYDE® is 200% elastic and doesn't crack or peel when metal shrinks or expands
- Excellent coverage of nuts, bolts and welds
- Impact resistant
- Prevents filiform corrosion

NOXYDE® can be applied on: Steel, iron, copper, aluminum, Plastisol®, zinc, lead, galvanised metal and PVDF (with special primer)

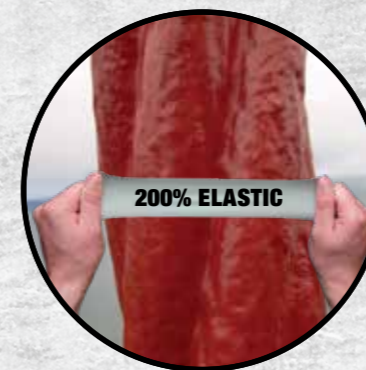

Excellent edge coverage

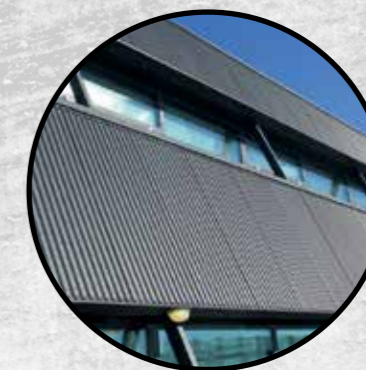

MINIMUM PROJECT COSTS

Ready for use product
Primer and topcoat in one

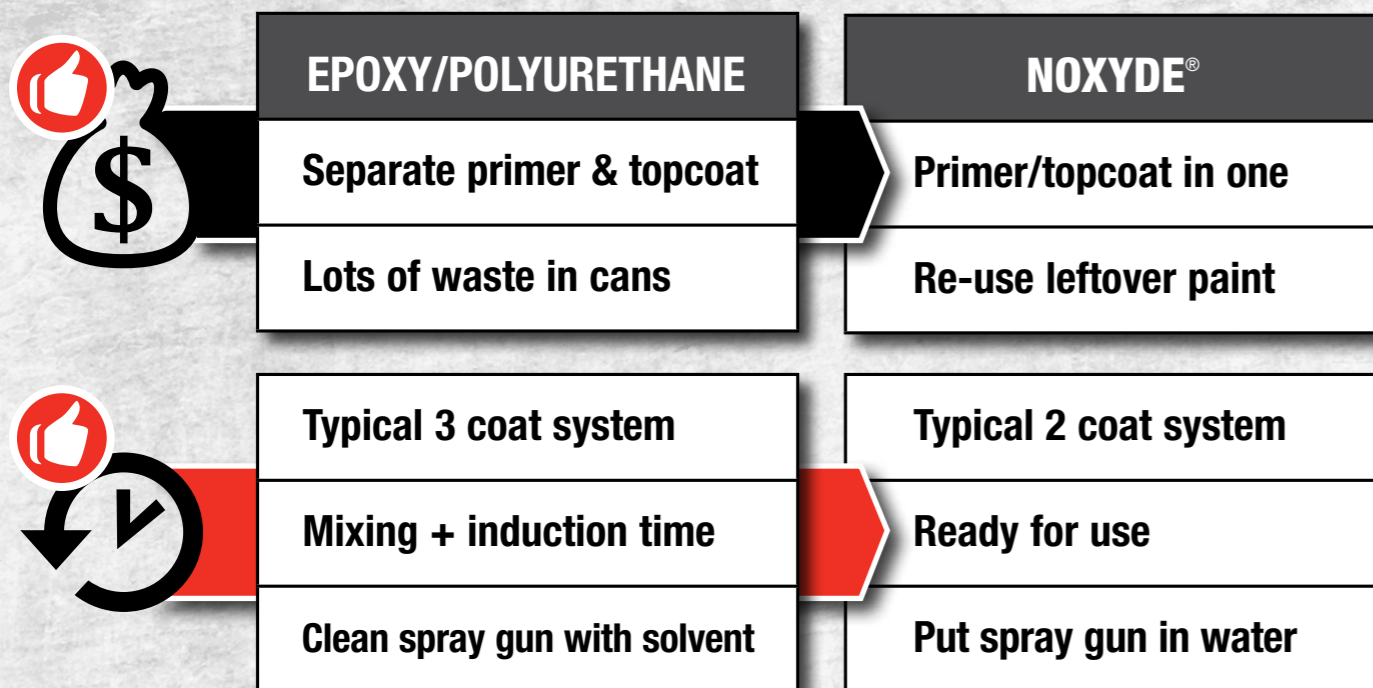

Elastomeric feature

UV, wear and impact resistant

SAVE TIME AND MONEY

Dry fall
NOXYDE® spray turns to powder before hitting the ground

Direct to light rust

Easy to clean
Simply put the spray gun in water during breaks

RUST-OLEUM® NOXYDE® PLUS

We continue to innovate. The market is constantly changing. Changes in raw materials, legislation and standards are forcing themselves upon us. Rust-Oleum is happy to take up the challenge and proudly presents its new variant:

NOXYDE® PLUS, FUTURE PROOF

We developed a new formula in which the strong points were strengthened have been retained and others improved.

- Superior adhesion
- High resistance against dirt absorption
- 200% elastic coating, will not crack or peel
- Excellent coverage of nuts, bolts and welds
- Dry spray: saves preparation and cleaning time

NOXYDE®
PLUS

ELASTOMERIC COATING

FOR METAL CLADDING, METAL ROOFS, BRIDGES, SILOS,
ELECTRICAL ISOLATION AND MORE

- + Superior adhesion
- + Long term elasticity
- + High dirt pick up resistance

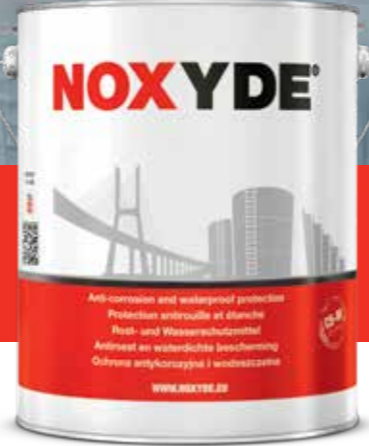

- + Ultimate water-based corrosion protection

- + Tested according to: ISO-9227:2017

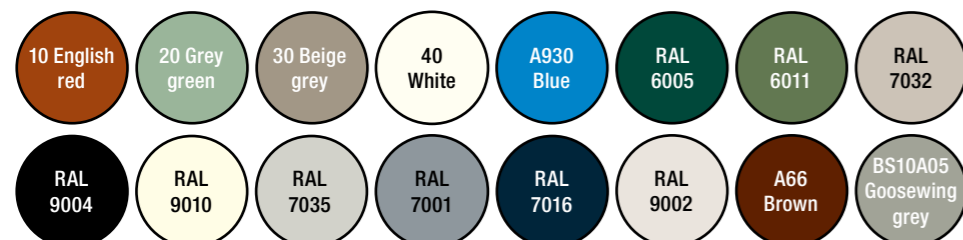

NOXYDE®

MAXIMUM CORROSION PROTECTION AND WATERPROOFING

- Best corrosion protection
- Excellent waterproofing for metal roofs
- Water-based coating
- Does not crack or peel
- Dry fall: saves preparation & clean-up time
- Primer and topcoat in one
- ≥10 years guarantee*
