X1 ELECTRICAL CLEANER

DESCRIPTION

Fast evaporating solvent cleaner suitable for cleaning electronics, electrical and other precision equipment. K2 approved.

RECOMMENDED USE

Suitable for cleaning electronic and electrical components. Ideal for cleaning air tools, small compressors, etc. Will clean relays, switches, printed circuits etc. Safe on most clear and opaque plastics and suitable for removing light dirt from brakes, clutches and carburettors.

SURFACE PREPARATION

Disconnect items to be cleaned from electricity before applying. Clean and remove old lubricant from components prior to application.

APPLICATION CONDITIONS

Apply at temperatures between 5° and 35°C.

APPLICATION & THINNING: AEROSOL

Shake aerosol before use. Spray from 10 to 20 cm and allow evaporating or wipe clean. Do not over apply. Ensure adequate ventilation during use. This product is acceptable as a solvent for cleaning electronic instruments, provided that all odour associated with the product has dispersed before food or packaging are exposed to the area. All food products and packaging should be removed from the area or be covered prior to use.

SHELF LIFE

3 years from date of production in unopened cans, if stored in dry, well ventilated areas, not in direct sunlight at temperatures between 5° and 35°C.

Date issued: 12/02/2021

Available colours & pack sizes: Please refer to the respective product page on www.rust-oleum.eu for an overview of actual available colours and pack sizes.
